For 30 years we have been manufacturing

Special Purpose Weighing Systems

for simple or complex weighing tasks
from 1kg to 1000 tonnes

PC or
PLC

RS232C

Multi-ingredient,
Multi-recipe
Batching systems

Feed Mill Control Systems.

Programmable Indicator

Multiple input channels

I/O
Lines

Relay drives
Temperature probes
Level sensors
Proximity sensors
Timers
Counters
Voltage, Current
Voice alarms

Batching Indicator / Controller

GMP Batch Recording Systems.
Automatic weight recording
Throughput weighing
Shipment totalling & recording
Dispensing Hoppers
Counting Scales
Belt Scales
Crane overload monitoring
Crane weighing
Monorail weighing
Bulk Bag Scales
On Vehicle Weighing.

Large displays

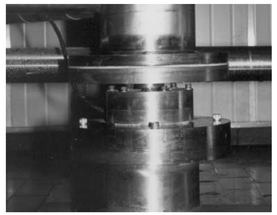
Weatherproof enclosures,
'Bulletproof' enclosures.

Weighing platforms

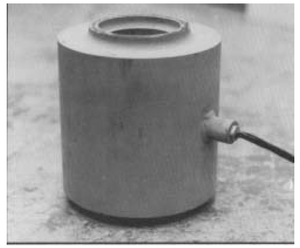
Aircraft Weighing Sets
Mine Truck Weighing
Hopper, Bin
and Tank
Weighing.

LOAD CELLS

Shear beam

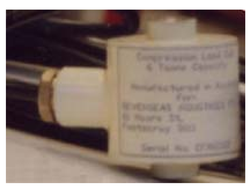


Disk compression



Centre hole compression

Pin



Column
Compression

Tension

Wire rope scale

Crane scale

Australian manufactured
